ALSTROMERIA					

				PRC 1	ITEM NO
ALSTROEMERIA KATE (RED)				HT: 14"	<i>Princess Kate is new, and dynamic, and bright and beautiful - just the one to liven up the established and to defy expectations. Sometimes this is exactly what your spring garden needs. Her breeding is fit for royalty, with an abundance of lipstick red blooms and fetching black whiskers. Kate takes the heat better than many earlier varieties, and really stands out, while pairing well in mixed plantings</i>
<i>ALSTROEMERIA KATE</i>				W: 12"	
Light: Half Day Sun				Z: 8	
Flower Color: RED					
Less than 5	Available now in a size	#2	gallon container	39.99	

ALSTROEMERIA KATIANA (RED)				HT: 12"	<i>Dramatic red flowers, each with a contrasting red throat, and glossy variegated foliage on strongly branched flower stems. Blooms continuously during the warm season when spent flower stems are plucked promptly. The attractive foliage and beautiful long-lasting blooms are outstanding for cutting,</i>
<i>Alstroemeria x 'Zaprikatia'</i>				W: 12"	
Light: Half Day Sun				Z: 8

MANGAVE MISSION TO MARS				HT: 8-10"		<i>A common nickname for Mars is the Red Planet, and this Mangave gets its moniker due to the unique, intense red coloration from the leaves. 2 3/4" wide, thick green leaves are heavily speckled with burgundy red, with spots that bleed into each other for an overall red appearance. The red coloration is brought out best in direct UV light and becomes subdued under heavy plastic. The long leaves form an arching habit, caused by the tips of the leaves curving downward. Margins curl upward to show off its cinnamon spines, a nice color complement to the red.</i>	
<i>MANGAVE MISSION TO MARS</i>				W: 20-22"
